“We, the students of West Virginia University, desire to preserve within our University and the Student Government Association, an atmosphere that helps to foster and open exchange of ideas with civil discussion, inquiry, and self-expression to help ensure that the personal freedoms and general welfare of the students within our University are protected, and to promote the principles of diversity and responsible self-governance.”

III. Roll Call

President Pro Tempore Jones - present

College Senator Backus - present

Senator Brooks - present

Senator Colbert - present

Senator Daniel - present

Senator Donnelly - present

Senator Eby - present

College Senator Eyler - present

College Senator Hanson - present

Senator Harman - present

Senator Ihlenfeld - present

Senator Jernigan - present

Senator Knotts - present

Senator Kumar - present

College Senator McKnight - present

Senator Miller

College Senator Moore - present

Senator Nadeau - present

Senator Nichols - present

College Senator Rawson

Senator Rosello - present

College Senator Seidel - present

IV. Reading and Approval of Minutes

VP Bragg: Our executive secretary will now take roll from our participants list.

VP Bragg: I will now entertain a motion to approve the meeting minutes via show of hands.

V. Reading and Approval of Agenda

VP Bragg: The minutes are approved. The agenda is before you and I will entertain a motion to approve the agenda via show of hands.

VI. Open Student Forum I

VII. The President's Report

President Riggs:

Civic Engagement Report

Pedestrian

Safety Updates

Update on Higher Education Policy Commission & Meeting with Chair of the Council

WVU's Diversity Week Promotion

Update on In-Person Meetings

Attendance Reminder

VP Bragg: Any further questions for President Riggs? Seeing none we will now move onto the Assembly Reports.

VIII. Assembly Reports

VP Bragg: Do any assembly members have a report? President Pro Tempore Jones.

Pro Tempore Jones: Hi everyone. Happy Wednesday! It's so wonderful to see you all again. So a couple things on my end, so today I sat at the add hot committee for the faculty senate as a third party platform if you remember a few weeks back President Riggs and I wrote a letter to the faculty senate asking them to reevaluate these third party platforms such as packback, as well as consider course marking as to elevate the financial burden especially during this trying time. We had an hour and twenty minute meeting, I am happy to report that all the committee members are completely on board with all of our ideas and I just wanted to share with you a couple of our goals that we established and the questions that we are asking the faculty to reevaluate.

- "Why are all the faculty utilizing all these third party platforms instead of blackboard and blackboard only?"
- "Did the faculty feel compelled to adopt new platforms for new virtual hybrid courses, aiming to make the experience more appropriate?"
- "What could be adopted, explained, added to blackboard to promote greater faculty in house use of blackboard?"

So we hope to achieve that faculty will evaluate these third party platforms to see what they have that blackboard does not have, speaking with the provost office, teaching and learning commons, to see if there are options available on blackboard for faculty to utilize. So are moves going

forward on Chase and I's end we will develop a survey for students to see what third party platform they are utilizing and why and for what classes and then we will reconvene with the faculty senate on October 21st. If you guys have an ideas, questions, or concerns that you would like to rise within that committee please feel free to email me, I'd love to have a conversation with you and bring those ideas to the table. In addition to assembly members, it's been three weeks since we've had any new legislation in our agenda and I am guilty of this as well but I would love to see us all working on new legislation, if you guys are stuck, you don't know where to start, please email me I am more than happy to work with you to get started and I'll give you resources to reach out to, I'd loved to see our agenda filled with legislation because I know there are many issues we could be working on and I know there are many different things you are passionate about. Does anyone have any questions for me?No. Okay, well like I said please feel free to email me. Thank you.

VP Bragg: Do any other assembly members have any other reports?

Alrighty, I also wanted to take a second and thank Dean Ferris for stopping by, I saw his name pop up in the chat. Alright, we will move on to executive reports.

IX. Executive Reports

VP Bragg: Do any executives have a report? Uhh Chief of Staff Satterfield.

Chief of Staff Satterfield: Hi everyone. So first welcome back, thank all of you for filling out the executive reports last night that were posted yesterday and we just want to apologize for any miscommunication, so these forms have been created for the next three months so October, November, and December, so just to prevent any miscommunication in the future, I have those dates for October and November, executive and assembly reports will open on the last friday of the month and they will close the following tuesday and for December executive and assembly reports, these will open the friday of finals week December 11th and close the following friday December 18th. I cansend these in our GroupMe so you all do not forget and you are all aware and it will be on our calendar and we will follow up on these deadlines. For assembly and executive members these are just for us to help better you all and for us to help you do better in your roles and for you to share everything you all are doing and so we can be supportive of you all and for us to help you all be the best you can be in this organization. Those are really important to us and those are posted publicly on our website and our engage page, they are really important to those who also helped get to this position so again thank you to those who filled those out and if there are any questions regarding those forms, engage, or anything just let me know.

VP Bragg: Thank you, Allie. Chief of Staff Kemp-Rye.

Chief of Staff Kemp-Rye: Hi everyone. I just have a super small update, first are the ten for ten surveys our student experience committee they did their student resource survey and they did a summary so in the drive under the student experience committee folder, you can find a condensed version of the survey results as well as the full survey results. The condensed version is about a page and a half long so if you want to check those out. Our safety ten for ten survey closes tonight, right now we are over 500 responses which is great. If you have not filled those

out already please fill those out by tonight that would be great and the last thing that I have are that the COMM Team has been working so hard on getting up graphics for Safety month and now for Voters' Registration so whenever you see those on social media please share that because they've been working so hard on them, so PROPS to them. That's all I have!

VP Bragg: Thank you. Inclusion Coordinator Raimah.

Inclusion Coordinator Hossain: Hi friends, just an updated on our upcoming event for the month of October, we are doing a diversity among us event, which is going to be with the intersexuality Coalition, we are all going to get together and have different rounds of the game "Among US" and have some discussions about the intersexuality coalition and what we see with that coming forward and if you have questions please come forward and the date for that is October 22nd.

VP Bragg: Thank you. Intern Coordinator McFarland.

Intern Coordinator McFarland: Okay everyone, just a couple of different updates so first off I am looking for one more mentor currently um because of Chris's absence, so I have a one intern I need to assign to someone, so I thought I would open it up to you so if you are looking for a second or third intern, so if you do have interest let me know please just text me or call me or whatever. Secondly I will be doing an intern/mentor report to see how everything is going, I plan to do three per semester. So these will be going out to all the mentors and interns to basically see how everything was going and how everyone is working together just to try and get a baseline to see how the intern program is going. I will be sending out within the next two weeks there will be due dates on it so just be looking for it. Lastly, I wanted to thank Jaron, Amelia, and Logan for coming out and speaking to the intern class tonight, it is voters' registration and engagement month so I really wanted Logan there to speak to the interns and to make sure that they vote and everything and also for Jaron and Amelia for coming and explaining everything about legislation better to the interns as well and how they can better get involved, that's really all I had. If you guys have any questions or just want to talk to me please I am open please send me an email or a text. Also the reason why I have the interns type "Here" in the chat is to just keep up with attendance, it just shows that the interns are actually here and attentive. It's the best way I can hold everyone responsible. That's all I have.

VP Bragg: Thank you, Randy. Local Governance Liaison Riffey.

Local Governance Liaison Riffey: Hi everyone. First thanks to the volunteers who helped work the voters registration booth on Tuesday. Uh we're going to be doing that again tomorrow (Thursday, October 8th) from 11:30am to 3:30pm so if your signed up for that please make sure that you show up and also we will be hosting a sustainability townhall at the end of the month and details are still in the works so when that happens I will get more information for you guys. Also, we are possibly thinking of having another tabling event again at the end of October. The tabling event right now is focused on getting everyone registered to vote and getting people to vote. That's all I had. Thank you.

VP Bragg: Thank you. Treasurer Cappadona.

Treasurer Cappadona: Hey, real quick note about financial bill 2020-09, I received an email this afternoon that Sigma Pi will no longer be needing an SGA grant and so if you could please

amend that and title I and that would make the total for financial bill 2020-09 would be \$2,348.90 and if you have any questions please let me know. Thank you.

VP Bragg: Thank you Alex. Safety Coordinator White.

Safety Coordinator White: Hi everyone, I hope you're doing well. So as President Riggs said he and I attended the pedestrian and safety walk meeting last Friday and I highlighted the fact that I wanted to make you all aware of you is that they are looking for more student representation into helping their streets and these are low traffic streets in the area and these can be closed off for better social distancing so people can walk, bike, rollerskate, etc. So if you have any ideas for campus for a healthy street they want to reach out to morgantownwvu.gov/healthystreet and I will put that link in the groupme. Have a wonderful week.

VP Bragg: Thank you, uhh Audit Shoemaker.

Audit Reporter Shoemaker: Hi everyone, I just had a really quick budget update, it should be up on your screens now we are a little bit under our projection as you can see on our bottom chart we had three budget grants but as Alex said one of them got withdrawn so we are going to try our best to get our numbers up and get as many grants as soon as possible if you guys have any questions about this just let me know.

VP Bragg: Thank you. Does anyone else have any executive reports?

Alrighty, seeing none and seeing that we have no old business we will now move onto new business.

X. New Business

VP Bragg: I will now entertain a motion to consider financial bill 2020-09.

Pro Tempre Jones: Moved

Senator Harman: Second.

VP Bragg: all those in favor.

All those opposed.

Is there any discussion on this amendment? Alrighty, I will now entertain a motion to approve this amendment.

Senator Kumar: So moved.

Senator Nichols: Second.

VP Bragg: all those in favor of this bill. All those opposed. This motion passes. We will now have a discussion on the financial bill as a whole is there any discussion?

I will now entertain a motion to approve financial bill 2020-09.

Senator Nichols: So moved.

Senator Knotts: Second.

VP Bragg: all those in favor. All those opposed. Alrighty, we will now vote on this financial bill 2020-09, all those in favor of financial bill 2020-09 all those opposed, this motion passes.

Assembly Appointments

VP Bragg: We will now move on to the assembly nominees and appointments for tonight. I will now entertain a motion to consider Arlie Hitt for College Senator for Davis.

Senator Donnelly: So moved.

Senator Harman: Second.

VP Bragg: Arlie, whenever you are ready feel free to introduce yourself.

Arlie Hitt: Good evening everyone. My name is Arlie Hitt, I am from Baltimore, Maryland. I am currently a senior in the recreational and parks major in the Davis college of Agricultural with a minor in Psychology. I generally became interested in SGA when a few of my peers told me that there was a few vacant seats available and throughout my four years here I have been apart of various organizations here on campus but SGA was one I never sat down and considered but however with this being my last year of college I wanted to be able to make a positive change prior to graduating. I bring a lot of experience from various other campus organizations along with three years of being at WVU since I was a freshman with these experiences I have learned proper delegation tactics throughout student organizations to ensure that the proper work gets done in a timely manner. I have recently drafted a scholarship plan for two of my organizations so that we can be successful in a classroom thus allowing men's soccer to have the second top GPA among men club sports on campus and additionally I am apart of a execute council of a very well known fraternity thus making in charge of academics and new member application. I have experience with delegation such as responsibilities to my execute council along with being in the ROTC program and thats roughly it. In regards to ideas that I have to bring changes here to SGA would fall under sustainability and transportation with the issue of the PRT and quite frankly not having one this semester, large coach buses are a good alternative but something else that can be put into place can be a city bus like option those familiar with that option they use it in New York very heavily it is kind of like a ride ship program you hop from another location if we put this all over evansdale and downtown this would make transportation a lot easier since buses are not really a rely way to get around campus, uh additionally uber and lyft have showed that they are very reliable and I think if we were to have a student ran one throughout the university it would make getting from campus to campus a lot easier. Lastly, there a few places around the university that a few food spot sections called bits and bites. Raising money for the Davis college and then lastly to develop some type of diversity within the Davis college unfortunately is a predominately white, something we can do to is create scholarships in order to make more diversity. That's all I have.

VP Bragg: Thank you, Arlie. Are there any questions?And we will do this like we did the previous candidates and nominees we let them introduce themselves and then send them to a breakout room and then vote on them at one time as well.

College Senator Hanson: I am curious about what you think about the dairy cow situation from like a year ago, I read about it in the paper but I didn't get the full story so I kind of wanted to hear from someone who kind of experienced it first hand?

Arlie Hitt: So I did not witness that first hand, uh I think that is more so for people within the animal science major I did hear a bit about it, um I think the issue regarding this was that the cows were too expensive to maintain at the student farm so they saw the most beneficial thing to do was to sell the cows uh I can not remember who they sold them to but I believe we have six of them that are gone and I don't think they have anymore left there.

VP Bragg: Any further questions for Arlie?.....Okay thank you Arlie, we will now move on and entertain a motion to consider Morgan Glass for Davis College Senator.

Senator Nichols: So moved.

Senator Ihlenfeld: Second.

VP Bragg: All those in favor. All those opposed. Morgan you can take it away whenever your ready.

Morgan Glass: Hi everyone. I am Morgan Glass, I am from Wheeling, West Virginia in the northern handle. I am a biochemistry major so I am housed mainly in the Davis College but also in Eberly. I was an intern last year and I was a part of the health committee and I really enjoyed working with you guys, it is a great place to make a difference on campus. I have great leadership experience and leadership experience through mountaineer mentors which is like a high school mentor program and the global medical and dental org I am in leadership this year so I have some of those skills that I can bring to this organization. So because the Davis College is so involved with environment and nature in majority of their majors so I want my position here to reflect that and I know that last year there was a discussion from the big 12 meeting and there was some schools who were trying to decrease their carbon counting by reducing the use of styrofoam in their meals and in their foodcourts and everything so I want to move forward with that idea this year and to forward this issue regards to the Davis college we had an issue regarding the disrespect of women in one of our programs and I want to help adjust this with a large emphasis on diversity training to make the learning environment a better place for everyone, as Arlie was saying diversity in everyway. I plan to work with my program director to reach out to other faculty members and get their concerns and also reach out to a lot of our student organizations I think that's where a lot of people are within the Davis college and lastly I plan to even create a survey simpler to ten for ten for the students of Davis to get their input as well, so I hope to put these plans into action this semester with regards to COVID but I am open to any ideas and I am excited to start work with you guys.

VP Bragg: Thank you Morgan. Are there any questions for Morgan?Alrighty, seeing none we will move on. I will now entertain a motion to consider Ethan Cade for Eberly College, College Senator.

Senator Harman: So moved.

Senator Eycler: Second

VP Bragg: Those in favor. All those opposed. This motion passes. Ethan whenever your ready.

Ethan Cade: Hi my name is Ethan Cade. I am from Huntington, West Virginia. I am a junior and a environmental science major and I am currently president of the student coalition and the outdoor adventure club and I am involved with the WVU young democrats, thus me being a student here and being involved in the environmental issues on campus like Morgan said the sytrofoam and carbon counting on campus to find out how much carbon the university is using and get the number down and putting solar panels on the law school and potentially furthering the use of green energy on campus and the encouragement of bike riding and you know to cut don on carbs and especially with COVID-19 I am very concerned with the students academic

performance at this time and their access to get to different resources to help them succeed in these strange times and I want to work on getting further information on tutoring and assistance for classes and to make sure that as many students as possible are getting the help they need at this time and also increasing the Curruth Center and the availability for them and yea that's all that all I have.

VP Bragg: Thank you, Ethan. Are there any questions for Ethan?seeing none we will now move on. I will now entertain a motion to consider Griffin Nordstorm for College Senator for the College of Creative Arts.

Senator Donnelly: So moved.

Pro Tempore Jones: Second.

VP Bragg: All those in favor. All those opposed. Griffin you have the floor whenever you're ready.

Griffin Nordstorm: Hello. I am Griffin Nordstorm. I am a junior majoring in sculpture and art history with minors in Printmaking and Engineers in Society. I am currently active and I am the Vice President of both the printmaking and art history club and in the past I have been an active member in both clubs. My primary interest with this semester would be to work with local community to establish better opportunities for finding locations for artist to show their work. A requirement to graduate is you have to a art showcase to show here but the problem is there are not many local locations for students in the past to have shown their work and knowing that as artists there is a goal to be shown as much as possible and with such limited opportunities established within the area and they usually expected you to have more than one show before graduation which is very difficult for their careers and I would like to work with the city of Morgantown to pass a motion to establish itself and pronounce itself as an arts community and I would like to work with them to try and buy locations that maybe useful for WVU students. Additionally in the CAC there are issues with furnituring and abilities for students to work or wait for classes considering COVID issues this is not as pressing or seen as more of a concern as not doing but normally students are forced or have to lay on the floor to work or eat which is very difficult and is not appropriate for the statuses of students and it would be nice to look to get just basic furnituring for some of the areas because at this point and time there are like zero lounge areas to seek opportunity at all.

VP Bragg: Thank you Griffin. Any questions for Griffin? Seeing none. I will now entertain a motion to consider Jacqueline Bonar for the Reed College of Media College Senator.

Senator Nichols: So moved.

College Senator Backus: Second.

VP Bragg: All those in favor. All those opposed. This motion passes. Jacqueline the floor is yours whenever.

Jacqueline Bonar: Hey guys, my name is Jacqueline Bonar. I am a senior here at WVU studying in strategic communications and public relations with two minors in general business and strategic social media. I am a member of the students basic needs coalition and WVU college republicans as well as the pride of West Virginia or better known as the mountaineer marching

band, uh some ideas that I had include bring back the mentor program with ingreed, I am currently a part of the mountains climbers one which partners us juniors and seniors with mountaineers who have already graduated all around the world but I think the freshmen need mentors and I would love to see the mentorship program, the program that I had my freshman year with a senior to comeback I think it was very beneficial they basically told me that college was going to be fun and I had nothing to worry about and that was fantastic to have just someone there for me and it was very beneficial because I was struggling because freshman year we don't know what we're doing and you're still trying to figure stuff out and it would be nice to have someone there, another idea that I had was that having a scholarship within Reed because that'll promote equity and inclusion because too me at least I've seen it is a predominantly white school and I would just love to give more people opportunities to experience the reed college and the major that they want to go into while also coming to this beautiful school, West Virginia Univeristy. Lastly, I do not know if we will be able to do this , this semester due to COVID but I would love to do a panel within the reed college even with SGA and its about diversity, equity, and inclusion in journalism and media. I feel especially with this being a election year that is a very prominent concern with people especially with our current president stating that all media is fake news so I just want to get a panel together with journalists and professors and even us and answer any questions that people have about like the media and media biases and their bubbles within journalism and those were my top three so far so thank you guys.

VP Bragg: Thank you, Jacqueline. Are there any questions for Jacqueline?

Senator Harman: Hey Jacqueline. How are you? I really like the idea of diversity, equity, and inclusion, so what like in your mind or who would you invite to that event?

Jacqueline Bonar: I was thinking the Dean or the assistant Dean, Dr. P...., she is very big with women in media and with women behind bars. Dr. Oaks, i know she's spoken on a few panels before. If not anyone from SGA then I think the student basic needs coalition could do it. For those of you who do not know, the student basic needs coalition is a new organization and we promote higher education for all students. I think bring that new student organization in as well as the reed college and us would just be perfect. I hope this answers your question.

College Senator Backus: Hello Jacqueline. I hope you're doing great. You mentioned a new intern/mentor program or like a buddy program in the reed college so have you considered doing that like university wide or would you like it to be a reed thing?

Jacqueline Bonar: Oh no, so if we want to like expand it we can just use reed college as more of a stepping stone for it. It wasn't very popular my freshman year, I only knew about it because my mom told me about it but if we promoted it more we could use reed as a nice little step to see how it would go and then if it went really well we could expand and see if juniors, seniors, or even graduate students like it. I feel it would be fantastic to do it all around the college because I am pretty sure reed is not the only one that have freshman that are like what the heck is going on here, especially now with COVID.

College Senator Backus: Thank you!

Jacqueline Bonar: Your welcome!

VP Bragg: Any further questions?... Okay seeing none, thank you Jacqueline. I will now entertain a motion to consider Tara Smith for College of Physical Activity and Sports or CPASS College Senator.

Senator Daniel: So moved.

Senator Donnelly: Second.

VP Bragg: All those in favor. All those opposed. Alrighty, Tara take it away whenever.

Tara Smith: Hi everyone my name is Tara Smith. I am from Ocean City, Maryland. I am a sophomore here at WVU, my major is sports and physical education psychology with a double minor in communication studies and recreational coaching as well. I am very excited to be here with you guys tonight and talk to you all. I applied for this position because I feel very passionate about working on resource outreach with CPASS especially for SPC majors like myself. I plan on using social media platforms such as instagram and twitter to help communicate with other fellow mountaineer students. I will use instagram to post videos and stories to engage with students in a very interactive way. Twitter would be used to help mountaineers to network and communicate with professionals within the sports psychology field. I know that I am new to this being a sophomore but I will do my best and what is best to serve the students here at WVU.

VP Bragg: Thank you, Tara. Any questions for Tara?

Senator Daniel: Hi Tara. What's your favorite part about CPASS?

Tara Smith: My favorite part about CPASS is simply the environment and the faculty there. For an example I had a professor Dr. Barnacle and I still email him and keep a bond with him and I just find it really awesome that the faculty there have a genuine interest and care for their students and for the CPASS environment.

VP Bragg: Thank you. Any more questions for Tara? Alrighty, seeing none we will now move on to our last appointment. I will now entertain a motion to consider Madison Robinson for College of Medicine, College Senator.

Pro Tempre Jones: So moved.

Senator Nichols: Second.

VP Bragg: All those in favor. All those opposed. This motion passes. Madison take it away.

Madison Robinson: Hi my name is Madison Robinson and I am a third year majoring in exercise physiology with a health profession emphasis from Baltimore, Maryland. Throughout my years at WVU, I have served as the historian for the black student union, I am an officer for the ex. Phy. club which is a club in my major, I am currently serving as the treasurer for the minorities aspiring association of pre-health students and I am not currently the Vice President of the Black Student Union. If elected to be senator for the school of medicine, one of the things I would like to do is form more funding for scholarships for undergraduate students because the school of medicine does not offer a lot of undergraduate scholarships it is most offered to the graduate students and I would also encourage students to talk to me about their concerns with the college so at the same time I can try to help at least for minorities students within the college and I've been in contact with some graduate students and they've expressed their issues and if elected I

would like to work to make sure their issues are resolved and make that their voices are heard. I would also like to have some type of mentor program for the undergraduate students with seniors or faculty in the school of medicine because students in the school of medicine due plan to go into the health profession and with this as an undergrad you need a lot of guidance so having help will relief a lot of stress. Thats all I have. Thank you for your consideration. I hope I get to work with you all in the future.

VP Bragg: Thank you Madison. Any questions for Madison?Alrighty, seeing none, at this time we will work on sending the candidates to breakout rooms so we can move on to discussion and move on to voting and then the candidates will be brought back afterwards.

Breakout session for candidates

Is there any discussion on the candidates?

Senator Daniel: I just wanted to say that these candidates were amazing and I feel like they are very qualified and they are all going to do great work for this organization.

VP Bragg: Thank you. Senator Ihlefeld.

Senator Ihlefeld: I just wanted to say that Morgan Glass is one of the best people that I know, I've known her for so long since I was like ten years old. She's so thoughtful, she's so caring and one of the smartest people I've ever met.

Senator Nichols: I just wanted to say I like all of them and Morgan was an intern with me last year and I can say she is very driven and that she would make a great addition.

VP Bragg: Any further discussion? Seeing none, we will now entertain a motion to vote via secret ballot.

Senator Daniel: So moved.

Senator Donnelly: Second.

VP Bragg: All those in favor. All those opposed. This motion passes.

President Riggs: I am going to send these polls out and we will stop it at a minute.

VP Bragg: Remember only assembly members can vote. No interns and no executives.

Voting Poll Takes Place

VP Bragg: All of them are confirmed.

** Candidates come back from breakout session**

VP Bragg: Arlie, Ethan, Morgan, Tara, Jacqueline, Griffin, and Madison....I will be the first to congratulate you and welcome you to our team, you all passed. Now we get to continue on with business. Now on to open student forum II.

XI. Open Student Forum II

VP Bragg: Does anyone have anything for Open Student ForumII?

Local Governing Liasion Rifley: So the Vice Presidential Debate is tonight so be sure to tune in and watch. Hopefully it's better than the Presidential Debate.

VP Bragg: I figured thats why we kind of flew through this meeting a little bit.

Senator Nichols: I just wanted to reiterate again that next week is Diversity Week, you know several of us in here are diversity ambassadors and we would really love to see you show up to some of these events.

Pro Tempore Jones: Hi everyone. I just wanted to let you all know of a business professional opportunity in the center for service and learning, it is called the mountaineer volunteer program certification program. On Monday at 5:30pm there will be a three part certification series that makes you an official mountaineer volunteer. This is led by Assistant Director Eric Murphy and it engages students through service opportunities, trainings, and support from the center and it provides student volunteers with the opportunity to engage in creative activities and aspects of student volunteer development this is no ordinary student program this is very hands on and very engaging and can really put you at the table with some real important faculty. You do gain early access to career fairs and get to have a virtual luncheon with the employers to make that one on one connection. Allows you to find out where you are in your community and have to make real change with an amazing support system. I will drop the registration form in the group me. Thank you guys.

VP Bragg: Thank you Amelia. Any more for open student forum II?

College Senator Bonar: Thank you VP Bragg. I know I mentioned the student basic needs coalition if you guys want to join that please let me know. We are currently recruiting right now we are an organization that is for promoting higher education for all students not just for some so please let me know if you are interested or available and I can set you up with a meeting with the Vice President or President or even the social media chair. If you would like to join please let me know.

VP Bragg: Deionte

Outreach Coordinator Harrilla: Hello everyone, I do not have much to say but one of my very good friends' is putting on a discussion series its called "Unapologetic" so please feel free to reach out to me about the event and to get the flyer or to get more information about the event. That's all for me.

VP Bragg: Senator Harman.

Senator Harman: This is perhaps going to have a ceremony for the new appointed college senators?

VP Bragg: I imagine we have to do something. Anyone else for open student forum II? Seeing none we will now move on to the advisor report.

XII. Advisor's Report

Dr. Lee Thanh: Good evening everyone. First of all, congratulates to all the new senators I look forward to working with you all, my name is Thanh Lee, I serve as your advisor feel free to let me know if there is anything that I can do to support you through your journey with SGA and so other than that continue to press forward and you all are doing amazing work and you make my job so easy so thank you for everything you do.

VP Bragg: Thank you, Dr. Thanh Lee. We will now move on to snaps.

SNAPS

VP Bragg: Anymore snaps. Seeing none I will now move onto adjournment.

Senator Nichols: So moved.

Senator Daniel: Second.

VP Bragg: All those in favor of adjournment, all those opposed. The meeting is adjourned.

XIII. Adjournment
