

**West Virginia University
Student Government Association
Student Assembly Meeting
Vandalia Lounge, Mountainlair, 7:30 PM
October 26th, 2022
2022-2023 Hernandez-Uqaily Administration**

I. Call to Order

The meeting was called to order by Vice President Pareera Uqaily at 7:30 p.m.

II. Reading of the SGA Mission Statement

The SGA Mission Statement was read by Vice President Pareera Uqaily.

III. Roll Call

Roll was called by Executive Secretary Donate

President Pro Tempore Khan- Present

Senator Amores- Present

College Senator Azinger- Present

College Senator Blair- Present

College Senator Cahill- Present

Senator Chennuru- Present

College Senator Clark- Present

Senator Conner- Present

College Senator Donner- Present

College Senator Dozier- Present

College Senator Dysart- Present

College Senator Griffith- Excused

College Senator Guschel- Present

Senator Hodges- Present

College Senator Hudson- Present

College Senator Irfan- Excused

Senator Jones- Present

College Senator Kuffner- Absent

College Senator Madden- Present
College Senator Marquart- Present
College Senator McMillen- Present
College Senator Milam- Present
Senator Miller- Present
College Senator Mitchell- Present
College Senator Moore- Present
College Senator Neiswonger- Present
College Senator Oursler- Present
College Senator Patel- Present
Senator Price- Present
Senator SantMyer- Present
College Senator Schwartzmiller- Present
College Senator Skean- Present
College Senator Tabidze- Present
Senator Uqaily- Present
Senator Volk- Present
Senator Whalen- Excused
College Senator Wooten- Present
College Senator Zoglio- Present

IV. Reading and Approval of the Agenda

The motion to approve the agenda was entertained by Senator Price.

The motion to approve the agenda was seconded by Senator Chennuru.

There were no objections and the agenda was approved.

- President Pro Tempore Khan moved to add Senator Conner to the roll via unanimous consent.
- The motion to add Senator Conner to the roll was seconded by College Senator Oursler.
- There were no objections and Senator Conner was added to the roll.

V. Reading and Approval of the Minutes

The motion to approve the minutes was entertained by Senator Price.

The motion to approve the minutes was seconded by College Senator Oursler.

There were no objections and the minutes were approved.

VI. Open Student Forum I

Attorney General Long: Tomorrow, three student organizations: the Pre-Law Society, Women in Politics and Government, and Women in Law are hosting guest speaker WVU Law Assistant Dean for Enrollment Management, Maggie Slater, in the Rhododendron Room at 6:30 p.m. If you are interested in law or law school, Attorney General Long recommends this event.

Auditor Seidel: If anyone has used Tableau before, Student Organization Liaison Staten could use some help with her geography homework.

VII. The President's Report

President Hernandez: The Big XII report has been typed up and is in the Drive under Miscellaneous, Retreat/Conferences, and Fall 2022 Big XII. It details what was presented on, what was heard from other schools, and initiatives which they are hoping to discuss implementing here. President Hernandez and Treasurer Daniel are meeting with Dean Farris tomorrow morning regarding some of these initiatives and will hopefully have more updates next week.

There is an Outreach Coordinator up for appointment tonight. Isabella emailed President Hernandez a couple of weeks ago regarding the position as Legislative Affairs Officer Riffey referred her. The Executive Appointment Committee and President Hernandez reviewed her and came to a unanimous vote to appoint her. Senator-mentor pairs have been set. If you have any questions regarding mentor/mentee let President Hernandez know. If you decided at the last minute that you would like to be a mentee or a mentor let President Hernandez know and she can work it out.

Important update. Monthly reports are due on November 1st. Please submit those on time. They are in the Drive. In the past couple of weeks, Senator Hernandez has been working on a couple pieces of legislation, which the authors will be talking about later. Those include Braille signage, HSC, accessibility, and pre-med logistics proclamation.

“We can’t heal the world today, but we can begin with the voice of compassion, a heart of love, and an act of kindness” - Mary Davis.

VIII. Assembly Reports

College Senator Oursler: Updates from the composting initiative discussed last meeting.

Been working directly with Dining Services and Division of Plant and Soil Sciences in the Davis College. The composting system was ordered this past Monday and will be installed the week before Thanksgiving break. Will be a pilot program within a pilot program that week in the dining hall in Evansdale Crossing. All the salad bar stuff, the Simple Serve, and any vegetable-based food scraps from Evansdale Crossing will be accepted and transported to the site in Westover across the river. May need some help transporting. If anyone has an internship with WVU or is on the WVU payroll and would be willing to drive a truck to the Westover site to dump a trashcan full of food scraps during this trial week, please reach out to College Senator Oursler. They would like to involve many different students all over campus.

Senator Hodges: Senator Hodges is working on legislation for giving thanks in support of diverse faculty and staff. If anyone would like to help, please reach out to him. The legislation is trying to push forward attention of diverse employees so there will be more action based on this proclamation. Senator Hodges has talked to the director of the Carruth Center, because there needs to be a safe space for a mental health therapist that is diverse and understands others who are diverse. Trying to get the message across to every director, dean, and people that hire employees.

College Senator Hudson: The Health Science Senators have a survey going around gauging student interest on creating a comprehensive website that would simplify how resources are being distributed on campus. Their goal was to work with University Relations to use this as a model to see what students want and whether it can be expanded to downtown and the greater WVU community. The website aims to collect all resources which typically have their own websites, such as about research, job opportunities, clubs, organizations, etc., and organize them based on majors and career pathways. The survey will be going around Health Science students, so feel free to help spread it.

Ran into the recently hired Director of Diversity, Equity, and Inclusion at Health Sciences. They are looking forward to collaborating with SGA and asked if SGA would be willing to work with them on events. Diversity, Equity, and Inclusion Coordinator Elswick and Senator Santmyer have been looped in. If anyone is interested in helping or providing input, feel free to reach out.

Vice President Uqaily: Monthly reports are due November 1st. Please get them in by then, there are only five responses right now and there needs to be about sixty.

November is the Month of Kindness. Stay tuned for some things SGA will be doing to spread some kindness on campus. This was sent in the GroupMe yesterday, but with a show of hands, how many are interested in enrolling in the Stress Study? The person leading this initiative reached out and was asking how many people would be interested. Chief of Staff Flower will work with her to set up a time for enrollment and will convey it to everyone.

Would like to formally announce that there is a legislative vacancy for the Eberly College of Arts and Sciences. Applicants should be full-time students with a GPA of at least 2.5. They need to be in Eberly College. If you know anyone who would be interested, the vacancy application will be in the SGA Linktree on Instagram and will be open until Monday, October 31st.

The recap email will be sent tomorrow with a link to a form regarding the Spring Retreat. The retreat will be from January 13th to 14th in Pittsburgh. We will be leaving at 4:00 p.m. from Morgantown. It is a Friday. You can indicate if that is a problem for you in that form. The retreat is mandatory. If you are not able to make it, list your reason why in the form, and Vice President Uqaily will reach out to you if needed. If you need anything from Vice President Uqaily, please let her know. She loves the push for legislation and the legislation in the works; everyone is doing great.

IX. Committee Reports

Senator Santmyer: Big thank you to Senator Chennuru on the trivia event last night. It went really well and was a lot of fun. Working on trying to find a time to meet in the next two weeks with the HSC Director of Diversity if anyone wants to be involved with that. Senator Santmyer, Senator Price, and some Inclusion and Student Experience committee members are working on the Accessibility and Safety Walk Report and will be working on legislation regarding that. Senator Santmyer, President Hernandez, and Senator Chennuru are working on legislation regarding Braille on campus and are trying to find a time to meet with administration. Administration has said they are working on improving that already. The second reading of Senator Amores' proclamation to recognize and celebrate Filipino American History Month is tonight.

College Senator Wooten: Trunk o' Treat is this Sunday. There are over 1,000 trunk o' treaters expected. Tomorrow, Community Engagement will be meeting on Zoom at 6 p.m. College Senator Wooten will not be able to attend so Program Coordinator College Senator Marquart will be chairing the meeting.

Senator Amores: Some clarification on the active study rooms. College Senator Blair and Senator Amores are expecting the study rooms to be done on every campus, including Evansdale, Law, and HSC; it is not something exclusively downtown. For now, Recreation would like to start with the downtown campus study rooms, in which there will be a variety of equipment, as well as a QR code survey. If the equipment is being used and they receive good feedback, they will invest in actual equipment intended for active studying and working from home, like seen on TikTok, and expand to every campus. The link to check out some of the types of equipment they are referencing is in the assembly chat and committee chat, and can be viewed at lifespanfitness.com. It includes treadmills with desks, vertical spin bikes, peddling pads, etc. They are still waiting for them to be completed, but hopefully it will be soon.

Discussed in the Mental Health and Well-Being Committee about pushing out a survey gauging whether students on other campuses outside of downtown would use the equipment. This way it can be pushed along faster as it would ensure it is worth investing in. Right now the hold-up seems to be that they are scared no one will use it. It's hard because the equipment in use now is not really intended for active studying. If anyone has any questions or wants to be added into the GroupMe, let Senator Amores know. There will be no committee meeting on Friday, as there was one tonight instead.

College Senator Blair: A really nice place in the downtown library was identified for the active study rooms. The original space they were going to use was not conducive to actual good studying, as people probably would have felt self-conscious using those spaces. When the bikes do go up, there will be multiple ones, so please try to check them out or get a study group or committee meeting together to use them. We should show them that they are being used and that all the efforts they have taken to take our opinions into account mean something.

This week is Sustainability Week and the Office of Sustainability has events going on. There was a campus tree planting and there will be scheduled sustainability campus tours this week, showing off some of the initiatives that the University does. Friday, October 28th, is Right to Food Day. There will be tons of events about food sovereignty, food waste, the right to food meaning, how much this affects college campuses and Appalachia, etc. This Thursday, there is a prequel event in the Mountainlair with free pizza and coffee. It would be really cool if everyone could come out and help celebrate Sustainability Week. There will be a flier sent out in the GroupMe.

Attorney General Long: The Governing Documents Review Committee will be meeting tomorrow at 4:30 p.m. in the Laurel Room and voting on proposed changes to the Elections Code. Voting members are required to attend. Anyone is encouraged to come and provide any final thoughts.

College Senator Cahill: SAP met at 11 a.m. this past Sunday. There was not a great turn-out; it was just College Senator Cahill, Chief of Staff Coiner, and Vice President Uqaily. Please come next time. Meetings were moved to biweekly for a reason. There will be no meeting this weekend, but there will be one the following Sunday, November 6th. If you are in the committee, please come with an idea, initiative, or legislation you would like to work on with some kind of timeframe.

Senator Price: The Student Experience Committee endorsed two pieces of legislation, the HSC and parking affordability legislation, which will both be up for their first readings tonight. Will also be working a bit more on the Student Academic Advisory Board. Senator Price met with Associate Provost Witters a few weeks ago to talk about it, and are starting to provide student input to the provost office on academic related affairs. The Accessibility and Safety Walk Report Legislation will be coming out soon. Next week, on Monday at 6:30 p.m., the committee will be meeting in the Bluestone Room and on Zoom. If anyone has any legislation related to the Student Experience Committee and has not yet discussed it with Senator Price, please mention or send it to him in advance of the meeting.

Senator Santmyer: Thank you to everyone who came to the community clean-up. There was a really great turn-out and it went really well. Special thanks to Senator Amores, Legislative Affairs Officer Riffey, and Intern Caitlyn Shields for leading groups, and to Treasurer Daniel for helping out with planning. The Inclusion Committee is meeting on Sunday at 12 p.m.

Attorney General Long: Thank you to everyone who filled out the Governing Documents Committee form. They hear your feedback and have tried to implement and harmonize all the opinions in the changes introduced. If you plan on attending the committee meeting tomorrow, please email Attorney General Long, and he will send you his marked up Elections Code and proposed changes.

X. Executive Reports

Diversity, Equity, and Inclusion Coordinator Elswick: WVU Division of Diversity, Equity, and Inclusion will be doing a showing of *Black Panther* in November, like they did with Woman King. More details to follow. They are also hosting an

Open Mic Night on October 31st from 5:30 to 7:30 p.m. in the Mountainlair Rhododendron Room. It is for sharing poetry, comedy, etc.

The Center for Black Culture and Research is hosting a Homecoming tailgate in the Gold Lot, starting three hours before the football game on Saturday. The Woman's Resource Center is hosting the "I Love Female Pleasure" event on November 3rd at 7 p.m. in the Mountainlair Ballrooms and on Zoom.

Greek Life is holding a clothing drive for the LGBTQ+ Center and transgender students. They especially are looking for male or masculine clothing donations. Today is Intersex Awareness Day. If you would like to learn more information, reach out to Diversity, Equity, and Inclusion Coordinator Elswick.

On November 17th, from 5 p.m. to 8 p.m. in the Mountainlair Ballrooms, there will be a candlelight vigil for Transgender Day of Remembrance and transgender individuals who lost their lives. There will be a dinner and students can pick up clothes from the clothing drive.

Within SGA, have been meeting with administration. Having a meeting with Susan from the Office of Accessibility Services to discuss faculty training and writing legislation regarding that. Meeting with the Division of Diversity, Equity, and Inclusion to discuss SGA training. Working with President Hernandez and Senator Santmyer on Braille legislation and will be meeting about that with the ADA Office and the Division of Diversity, Equity, and Inclusion. Working on a Health Sciences Collaboration with DEI. Please fill out the form regarding that in the groupchat. Lots of legislation going on regarding inclusion, and am very supportive of everything going on with current legislation and legislation in progress. If you have any ideas about legislation, please come to the Inclusion Committee meetings in the Bluestone Room or on Zoom on Sundays at 12 p.m.

Legislative Affairs Officer Riffey: Today, early voting officially opened. Legislative Affairs Officer Riffey had the privilege to go out early and cast his ballot today. He encourages others to do that, especially if they won't have time on Election Day on November 8th, or if you will be going home to where you are registered to vote before then. Early voting will continue until November 5th and will occur Mondays through Saturdays from 9 a.m. to 5 p.m. Locations where you can cast your ballot include the Mountaineer Mall, the Mason Dixon Historical Park, Pierpont Landing, and the Westover BFW.

In regard to absentee ballots, West Virginia applications must be sent in to the county clerk by November 2nd at the latest. The application for West Virginia residents can be found at govotewv.com and can be submitted by mail, fax, or

most preferably, by email. At that website, you can find a sample ballot on what you may see when you go to vote or when you get your absentee ballot. It is always great to be informed before you go to vote.

Legislative Affairs Officer Riffey and Legislative Affairs Liaison Dowler are looking to put together election tabling next Wednesday. Looking at it taking place from 9:30 a.m. to 2:30 p.m., in the Mountainlair and perhaps other locations. This tabling will give out information about the election, such as in regard to early voting, absentee ballots, and polling locations. If anyone has any questions let Legislative Affairs Officer Riffey know.

Legislative Affairs Liaison Dowler: After a two-year legal battle, transgender individuals in West Virginia can now amend their birth certificate to reflect their name and gender. However, gender cannot be designated as nonbinary; hopefully that can be fought for as well. Get your flu shot. It's expected to be bad this year. You can get your flu shot everyday at Student Health; they do accept walk-ins. Reminder about National Drug Takeback Day. There are links in the chat about where you can go; if anyone needs a ride, let Legislative Affairs Liaison Dowler know.

The Rape and Domestic Violence Information Center held a candlelight vigil to raise awareness for domestic violence. College Senator Milam gave a recitation of a poem that was beautiful and WVU Believe Them played a big role in the event. It is Domestic Violence Awareness Month, so make sure to check in on your friends and neighbors. There will be a link sent in the GroupMe about warning signs to look for, since you never know what is going on behind closed doors. It is Halloween and Homecoming weekend, so be safe, drink water, eat food, and check in on your friends. If you need anything, do not hesitate to contact Legislative Affairs Liaison Dowler. There will be hydration stations set up from 8 p.m. to 11 p.m. across from Boreman Hall where you can get water with no questions asked.

Communications Coordinator Gerson: Make sure you are following the SGA TikTok, Instagram, and Twitter. There will be a lot of content coming out soon. Please retweet, comment, and engage with the posts.

Communications Coordinator Perry: Will be working on a LiveSafe Promotional Video. If you are someone comfortable with being in front of the camera, please reach out to Communications Coordinator Perry because they need people to be in the video. Also, please make sure you are engaging with SGA's content. Be safe this weekend.

XI. Old Business

A. AP-2022-08-06

- President Pro Tempore Khan moved to allow Senator Amores to explain the proclamation in lieu of having it read via unanimous consent.
- The motion to allow Senator Amores to explain the proclamation in lieu of having it read was seconded by Senator Price.
- There were no objections, and the proclamation was approved to be explained instead of read.

Senator Amores: Since last week, there have been no new changes to the proclamation.

Essentially, the point is to influence the necessary divisions on campus to honor and celebrate Filipino American History month, as it is something that has very recently been noted as nationally recognized, and it still is not nationally recognized by Congress over time. There is a lot of history included in the proclamation, as well as a quote by the Secretary of the Filipino Student Association. It is important that we recognize that there are groups on campus that are not reflected and represented well. The hope is that this proclamation will give some of those people peace of mind that there are people out there listening to them and their needs.

a. Discussion and Voting

College Senator Hudson: This is a really great proclamation. It moves WVU forward in a time when we are seeing a lot of marginalized people, especially from the API populations. A small show of support to show that we are here for them and explaining the history goes a long way. Love that Senator Amores has taken the initiative to do that and has told her story to SGA along with it. We are really proud of you for doing this and we support it.

- College Senator Hudson moved to end discussion and pass AP-2022-08-06 via voice vote.
- The motion to end discussion and pass AP-2022-08-06 was seconded by College Senator Oursler.
- The ayes have it. AP-2022-08-06 was passed.

B. AR-2022-08-02

- President Pro Tempore Khan moved to allow College Senator Oursler to explain the resolution in lieu of having it read via unanimous consent.
- The motion to allow College Senator Oursler to explain the resolution in lieu of having it read was seconded by Senator Volk.

- There were no objections, and the proclamation was approved to be explained instead of read.

College Senator Oursler: The purpose of this resolution is to impact campus landscaping.

There has been a large push all over the nation, even in West Virginia's state park system, and wanted to bring that to our campus by changing the landscaping. You may not realize, but a lot of what is on campus are plants that are not from here, some that are highly invasive and will take over ecosystems, and some, like Japanese Barberry, that harbor ticks and can increase the amount of Lyme Disease in an area. College Senator Oursler feels that it is important to change this on campus. There is a lot of information in the bill in the appendix about similar programs in other colleges, why it is important, and explanations about what invasive and host plants are. He has met with many different people throughout the college, and has read Sections 1-5 to the administrators in the mandates, and they have approved of it and want to change, specifically the barberry, on campus and at their own homes. If anyone has any questions please let College Senator Oursler know.

a. Discussion and Voting

- President Pro Tempore Khan moved to add College Senator Moore to the roll via voice vote.
- The motion to add College Senator Moore to the roll was seconded by Senator Santmyer.
- The ayes have it. College Senator Moore was added to the roll.

College Senator Blair: Want to speak in support of how much time and effort has been put into this legislation with the amount of time it took to meet with all these administrators, multiple times so they were part of the process throughout. This legislation can really make an impact, and doesn't just change the physical landscape of the campus but also the conversations about what can be done and what difference and action look like. Super in support of this bill and incredibly proud for it to be endorsed by the Sustainability Committee. Would like to give premature snaps to College Senator Oursler.

Senator Volk: It's very obvious that a lot of time and effort has gone into this bill and that College Senator Oursler is very educated on the material in the resolution.

- Senator Volk moved to end discussion and pass AR-2022-08-02 via voice vote.
- The motion to end discussion and pass AR-2022-08-02 was seconded by Senator Jones.
- The ayes have it. AR-2022-08-02 was passed.

XII. New Business

A. AR-2022-08-03

- President Pro Tempore Khan moved to explain the resolution in lieu of having it read via unanimous consent.
- The motion to explain the resolution in lieu of having it read was seconded by Senator Amores.
- There were no objections, and the resolution was approved to be explained instead of read.

President Pro Tempore Khan: This legislation deals with parking affordability and urges the university to prioritize parking affordability on campus. From conversations with administrators, it is clear that there is no short-term solution to this problem, especially with the inflation and different economic problems which the world is currently facing. Thought it would be important to officially speak for students on the record and encourage the University to look into ways that they can address this problem in the future and prioritize solutions. We talk a lot about doing things that will last longer than our time here. Don't think that we will see the benefits of this legislation during our time at WVU, but hope that future Mountaineers will.

a. Discussion and Voting

- President Pro Tempore Khan moved to table AR-2022-08-03 until the next meeting via unanimous consent.
- The motion to table AR-2022-08-03 until the next meeting was seconded by College Senator Dozier.
- There were no objections, and AR-2022-08-03 was tabled until the next meeting.

B. AR-2022-08-04

College Senator Hudson: This is an Assembly Resolution to update the Health Sciences Center facilities. Worked with the Student Experience Committee.

The resolution was read, see Appendix

a. Discussion and Voting

- Senator Volk moved to table AR-2022-08-04 until the next meeting via unanimous consent.
- The motion to table AR-2022-08-04 until the next meeting was seconded by College Senator Dozier.
- There were no objections, and AR-2022-08-04 was tabled until the next meeting.

C. FB-2022-21

Treasurer Daniel: Five grants today. Three of them are supply related merchandise, one

of them is supplies for the Beekeeping Club, and the last is registration for eight for the Society for Mining, Metallurgy, and Exploration.

a. Discussion and Voting

- College Senator Dozier moved to end discussion on FB-2022-21 via unanimous consent.
- The motion to end discussion on FB-2022-21 was seconded by Senator Santmyer.
- There were no objections, and discussion was ended.
- Senator Price moved to approve FB-2022-21 via unanimous consent.
- The motion to approve FB-2022-21 was seconded by College Senator Oursler.
- There were no objections, and FB-2022-21 was approved.

D. Executive Appointment Confirmation

1. Isabella Crouch, Outreach Coordinator

Isabella Crouch: Isabella, or Bella, Crouch is a junior Biology and Psychology double major. She is so excited to be here and wants to express her gratitude for the opportunity to stand in front of everyone tonight. She is truly inspired by everyone's aspirations and what everyone had to say during the meeting so far. Ever since she was a freshman, she has watched SGA very closely and has been nothing but inspired by everyone's hard work, dedication, and passion for the student body and the community of Morgantown. If appointed as Outreach Coordinator, she plans to center her goals around three core pillars: alumni and student relations, philanthropic endeavors, and making sure that each student at WVU has all the resources they need for their success. She is a huge fan of corrective criticism and would love to hear everyone's opinions and goals. If appointed, she looks forward to hearing everything everyone has to say and getting to know everyone both professionally and personally.

Senator Price: What's your favorite scary movie?

Isabella Crouch: Am a little bit biased. Got to work with Stephen King once, so have to say that *It* is her favorite scary movie, but probably *Nightmare on Elm Street*.

College Senator Moore: How did you enjoy your time in California?

Isabella Crouch: Loved it and miss the warm weather. Living in California is definitely a very different setting. She was definitely cultured and got to experience a lot of things at a young age that most people haven't, so it has given her a lot of life skills that she is very thankful for.

College Senator Moore: College Senator Moore is also from California.

Isabella Crouch: What part?

College Senator Moore: South of Inglewood.

Isabella Crouch: Isabella lived in Centre City.

a. Discussion and Voting

College Senator Hudson: Bella had a really great interview and brought a lot of positive energy, which was reflected tonight. Think she would be a great addition to the team and would help reach out and put a positive face to SGA and the position.

- President Pro Tempore Khan moved to end discussion and vote on the nominee by voice vote.
- The motion to end discussion and vote on the nominee was seconded by College Senator Dozier.
- The ayes have it. Discussion was ended and voting began.
- *Isabella Crouch, Outreach Coordinator* was approved with 29 yays and 2 nays.

XIII. Open Student Forum II

Vice President Uqaily: President Hernandez, Vice President Uqaily, and Treasurer Daniel brought some snacks and candy, so please help yourself to some after the meeting. Also, interns are not allowed at the Spring Retreat, it is mostly for the executive and legislative branch.

Chief of Staff Flower: Tomorrow starts the Mountaineer Reunion which happens every five years. All the old Mountaineers will be coming into town, and it would be great if the campus really showed out to welcome them back. Kicking it off tomorrow there is a Blood Drive, and then there will be a Fireside Chat at the Alumni Center at 7 p.m., where some of the old Mountaineers will be sharing their experiences. Then come to the Homecoming Parade to welcome all the old Mountaineers, alumni, and current students.

College Senator Dozier: The school magazine is still doing an open modeling call. If anyone wants to come model, it will be super fun and chill and you can hang out with College Senator Dozier while you shoot. Anyone interested should message Mirage on Instagram or talk to College Senator Dozier.

Allen: There is a STEM formal next Friday. A bunch of STEM organizations have been invited. Love to see student clubs doing collaborations, especially the STEM clubs. The formal is from 8:00 p.m. to 10:00 p.m. at Happy's.

Student Organization Liaison Staten: Right to Food Day is on Friday, October 28th. During the first session on Friday there will be free River Birch Cafe breakfast, and during the second session, from 11:30 a.m. until 1:00 p.m., there will be free Bombay for lunch. Come talk about campus food and the right to food on campus,

while eating yummy food. It will be super fun; Student Organization Liaison Staten will be there all day and would love to see everyone there.

College Senator Oursler: On Friday, College Senator Oursler will be doing a “Weigh the Waste” event at the Evansdale Crossing Dining Hall. The goal is to see what and how much gets thrown away, and will help with composting. Also, if you go to the Homecoming Parade, you will hopefully see College Senator Oursler driving a truck which will be handing out apples from the Davis College store.

XIV. Advisors’ Reports

Advisor Le: It’s Homecoming. Kudos to the Homecoming Court that has been out there promoting and campaigning all week. Voting is now closed so royalty for this year will be announced this weekend at the football game at halftime. Friday is the Homecoming Parade on High Street at 6 p.m. Hopefully you are either in the parade with an organization or will be watching. Saturday, there will be a Student Lot in the Oakland Hall Courtyard. There will be chicken fajitas. Reminder that this is Halloweekend and Homecoming, so please be safe, be careful, and watch out for your fellow Mountaineers.

Advisor Prunty: Still looking for volunteers to help out with the Homecoming Parade on Friday. There will be a short meeting to go over all the details at 3:15 p.m. and pizza will be provided. Staging begins at 4:00 p.m. and the roads close at 4:30 p.m. The parade starts at 6 p.m., so participants could potentially get five hours of service. There is a sign-up genius link in the SGA chat. Thank you so much in advance.

XV. Snaps

Snaps were given to Senator Uqaily, Treasurer Daniel, Senator Santmyer, Intern Ana, the snacks and free stuff handed out by Homecoming candidates, Senator Conner, College Senator Neiswonger, Senator Chennuru, Auditor Seidel, College Senator Hudson, everyone who dressed up tonight, College Senator Wooten, College Senator Oursler, Senator Amores, and Senator Price.

XVI. Adjournment

The motion to adjourn was entertained by Senator Chennuru.

The motion to adjourn was seconded by College Senator Schwartzmiller.

The ayes have it. The meeting was adjourned.

West Virginia University
The Student Assembly - Student Government Association
Assembly Proclamation: AP-2022-08-06

**AN ASSEMBLY PROCLAMATION TO RECOGNIZE AND CELEBRATE
FILIPINO AMERICAN HISTORY MONTH**

Short Title:	Filipino American History Month
Author(s):	Maria Amores, Senator Deacon Hodges, Senator
Sponsor(s):	Laasya Chennuru, Senator Avery Conner, Senator Brooklyn Milam, College Senator (HSC) Quinn Wooten, College Senator (Eberly) Lauren Marquart, College Senator (CEHS) Lauren Dysart, College Senator (HSC)
Contributor(s):	Olivia Dowler, Legislative Affairs Liaison
Committee Endorsement:	
First Reading Date:	10/19/2022
Second Reading Date:	10/26/2022

Whereas, the West Virginia University (WVU) Mission Statement reads, "... the faculty, staff and students at West Virginia University commit to creating a diverse and inclusive culture that advances education, healthcare and prosperity..."; and,

Whereas, the WVU Student Government Association Vision Statement reads, "To be a Student Government Association that serves the students, West Virginia University, and the State of West Virginia by; promoting inclusion, creating a campus that can accommodate everyone..."; and,

Whereas, the first documented immigration of Filipinos to the United States was on October 18th, 1587 in Morro Bay, California¹; and,

Whereas, since 1991, the Filipino American National Historical Society (FANHS) has been celebrating Filipino American History Month during the month of October; and,

Whereas, Congress passed a resolution to nationally recognize October as Filipino American History Month in November 2009; and,

Whereas, Filipino Americans comprise the second-largest Asian American population in the United States; and,

Whereas, Morgantown is home to the largest population of Asian Americans and Filipino Americans in West Virginia; and,

Whereas, WVU Filipino Student Association Secretary, Michelle Carter, stated, “During this month, we celebrate our past, present, and future as Filipino-Americans by commemorating and sharing our Filipino History in the United States. We hope as a Filipino/Filipino-American Community to use this month as a way to share our history and also our heritage with everyone at West Virginia University.”; and,

Therefore, be it proclaimed by the Student Assembly of West Virginia University:

Section 1: The WVU Student Government Association recognizes and celebrates the month of October as Filipino American History Month.

Section 2: The WVU Student Government Association urges students, staff, and faculty to honor Filipino American History Month in October with appreciation and appropriate activities.

Section 3: Upon passage and approval, this legislation shall be forwarded to:

Mandates:

Dr. E. Gordon Gee, President of West Virginia University

Meshea L. Poore, Esq., Vice President and Chief Diversity Officer of the West Virginia University Division of Diversity, Equity, and Inclusion

The Student Assembly - Student Government Association
Assembly Resolution: AR-2022-08-02
**AN ASSEMBLY RESOLUTION TO SUPPORT POLLINATOR AND
BIODIVERSITY ENHANCING LANDSCAPING ON CAMPUS**

Short Title:	Pollinator/Biodiverse/Functional Landscaping
Author(s):	Garrett Oursler, College Senator (Davis)
Sponsor(s):	Jillian Blair, College Senator (Davis) Megan Skean, College Senator (Eberly) Devin Price, Senator Rushik Patel, College Senator (Statler) Sandrik Tabidze, College Senator (Statler)
Contributor(s):	Matthew Olivero, Intern Ethan Beightol, Intern Ryan Hammond, Intern Garrison Phillips, Intern
Committee Endorsement:	Sustainability Committee
First Reading Date:	10/19/2022
Second Reading Date:	10/26/2022

Whereas, the West Virginia University Student Government Association mission statement reads, “We, the students of West Virginia University, desire to preserve within our University an atmosphere of open exchange of ideas with discussion”; and,

Whereas, current university-wide landscaping practices favor conformity rather than biodiversity, containing species considered invasive, and lack the wide scale use of native plant species within campus plantings, which are needed to provide sufficient habitat for our native species; and,

Whereas, invasive species such as Japanese Barberry (*Berberis thunbergii*) pose a threat not only to local and regional environments, but also pose a health risk to students by providing an ideal habitat for deer tick populations to shelter from changing environmental conditions. These plants are not favored by campus maintenance with the Campus Roads and Grounds Director James Mirage saying “we don’t like taking care of the invasive plants on campus...they have sharp spines that make it difficult to maintain,” in reference to barberry specifically; and,

Whereas, many insect species are highly specific when it comes to the plants they need in order to breed; requiring native “host plants” in order for them to develop and survive, which range from herbaceous plants to large trees; and,

Whereas, changing traditional landscaping to native plants will require less maintenance, fertilizer, and general care, where “the combined costs of installation and maintenance for natural landscapes over a ten year period may be one fifth of the costs for conventional landscape maintenance” (EPA)¹, saving the university money; and,

Whereas, the incorporation of native plant species on areas that are more difficult to maintain for grounds personnel will significantly reduce the work needed to maintain these areas, increase erosion control on steep slopes, and help to cut the university’s costs when it comes to the time and materials needed to maintain these spaces, with James Mirage saying, “they have considered putting in pollinator gardens in these hard to reach spaces” for these exact reasons; and,

Whereas, there are many certification programs such as Monarch Watch, Bee Campus USA, Certified Wildlife Habitat Program, Certified NABA Butterfly Garden Program, and the Campus Pollinator Pledge that this university could qualify for if there was a change to the plants used in existing and new landscaping projects going forward; and,

Whereas, many colleges and universities across the country and locally have started the process of changing their current landscaping to plants that are native to their regions. These colleges and universities include Marshall University, Goshen College, University of Southern California, University of Texas, Grinnell College, Cornell University, University of Delaware, Clemson University, Virginia Tech,

University of Pittsburgh, Chatham University, Junita College, University of Virginia, Georgetown University, and many others ; and,

¹<https://archive.epa.gov/greenacres/web/html/chap2.html>

Whereas, if we change and certify our landscapes, West Virginia University will be the first college in the state of West Virginia to do so, showing that as Mountaineers we always “go first”.

Therefore, be it resolved by the Student Assembly of West Virginia University:

Section 1: The Department of Roads and Grounds and The Department of Facilities Maintenance and Planning should consider removing invasive species from the university’s landscapes, replacing them with plants that are native to this region and helpful for local biodiversity to thrive.

Section 2: The Department of Roads and Grounds and The Department of Facilities Maintenance and Planning should consider adopting a policy which requires that native species are preferred over the use of non-native plants when designing and constructing new landscaping projects on campus, preferably host plants for different lepidoptera species².

Section 3: The Department of Roads and Grounds and The Department of Facilities Maintenance and Planning should consider, when practical, consulting with multiple departments such as entomology, horticulture, biology, etc. when considering new landscaping projects so that campus landscaping can become a functional outdoor classroom that benefits student’s learning experience.

Section 4: The Department of Roads and Grounds and The Department of Facilities Maintenance and Planning should consider, when practical, collaborating with relevant student organizations when planning new landscaping projects on campus so that the campus landscapes have direct input from students.

Section 5: Upon passage and approval, this legislation shall be forwarded to the following:

Mandates:

James Mirage, Director for Roads and Grounds

Traci Knabenshue, Director, The Office of Sustainability

Assembly Resolution: AR-2022-08-03

**AN ASSEMBLY RESOLUTION URGING THE UNIVERSITY TO
PRIORITIZE AFFORDABLE PARKING ON CAMPUS**

Short Title:	Parking Affordability
Author(s):	Azeem Khan, President Pro Tempore Matthew Hudson, College Senator (Health Sciences) Devin Price, Senator
Sponsor(s):	Brooke Jones, Senator Garrett Oursler, College Senator (Davis) Tommy Azinger, College Senator (Statler) Laasya Chennuru, Senator Clarence Moore, College Senator (Law) Rushik Patel, College Senator (Statler) Emily Whalen, Senator
Contributor(s):	
Committee	Student Experience
Endorsement: First	10/26/2022
Reading Date:	
Second Reading Date:	

Whereas, the West Virginia University Student Government Association Constitution states our desire to “ensure the personal freedoms and general welfare of the students within our University”¹; and,

Whereas, many students, faculty, and staff commute to campus for class, work, and

¹ [2022-23-constitution.pdf \(wvu.edu\)](#)

other activities; and,

Whereas, only 24% of undergraduate students live on-campus; and,²

Whereas, parking prices range from \$1.25 to \$1.50 per hour for short-term parking lots on the downtown campus; and,³

Whereas, parking prices range from \$0.50 to \$1.25 per hour for short-term parking lots on the Evansdale campus; and,⁴

Whereas, parking prices for the Mountaineer Station garage, designated as the sole short-term parking lot for the Health Sciences Campus, are set at \$1.50 per hour; and,⁵

Whereas, limited student parking permits are available at costs ranging from \$252 to \$858 per year; and,⁶

Whereas, employee parking permits are available at costs ranging from \$252 to \$900 per year; and,⁷

Whereas, prior to this summer the Coliseum Parking lot served as one of the only free parking areas for students, faculty, and staff around campus; and,

Whereas, commuter students and students that live off-campus must either purchase a parking permit or pay to park in a short-term lot; and,

Whereas, tuition has increased for students four out of the last five years; and,⁸

² FAQ: How many students live on campus? - West Virginia University (wvu.edu)³ Downtown Parking Location | Transportation and Parking | West Virginia University (wvu.edu) ⁴ Evansdale Parking Location | Transportation and Parking | West Virginia University (wvu.edu) ⁵ Health Sciences Parking Location | Transportation and Parking | West Virginia University (wvu.edu) ⁶ Student Parking Permits | Transportation and Parking | West Virginia University (wvu.edu) ⁷ Employee Parking Permits | Transportation and Parking | West Virginia University (wvu.edu) ⁸

https://www.thedaonline.com/news/university/wvu-students-voice-concern-as-tuition-inflation-costs-rise/article_84d8404a-fee4-11ec-9eab-3f43a88ea94d.html

Whereas, tuition will likely continue to increase for students in the coming years; and,⁹

Whereas, with the expensive nature of parking on campus coupled with overall increases in cost of tuition, cost of living, and everyday essentials, the economic burden of a Mountaineer education is steadily climbing ; and,

Therefore, be it resolved by the Student Assembly of West Virginia University:

Section 1: The West Virginia Student Government Association urges WVU to explore actions which can be taken to make parking more affordable for students.

Section 2: The West Virginia Student Government Association urges WVU to prioritize making parking more affordable on campus for students.

Section 3: Upon passage and approval, this legislation shall be forwarded to:

Mandates:

Rob Aslop, Vice President of Strategic Initiatives

Ted Svehlik, Associate Vice President of Auxiliary and Business Services

Assembly Resolution: AR-2022-08-04

AN ASSEMBLY RESOLUTION TO UPDATE THE HEALTH SCIENCES CENTER FACILITY

Short Title:	HSC Facility Improvements
Author(s):	Matthew Hudson, College Senator (Health Sciences)
Sponsor(s):	Brooklyn Milam, College Senator (Health Sciences) Hannah Guschel, College Senator (Health Sciences) Laasya Chennuru, Senator Azeem Khan, Senator Devin Price, Senator Brooke Jones, Senator Emily Whalen, Senator Lauren Dysart, College Senator (Health Sciences)
Contributor(s):	
Committee Endorsement:	
First Reading Date:	10/26/2022
Second Reading Date:	

Whereas, the West Virginia University (WVU) mission states, “As a land-grant institution, the faculty, staff and students at West Virginia University commit to creating a diverse and inclusive culture that advances education, healthcare and prosperity for all...by leading transformation in West Virginia...”; and,

Whereas, the WVU Student Government Association (SGA) Constitution states that “we desire to ensure the general welfare of the students within our University”;
and,

Whereas, the WVU SGA’s vision reads, “To be a Student Government Association that serves the students, West Virginia University, and the State of West Virginia by; promoting inclusion, creating a campus that can accommodate everyone”;
and,

Whereas, SGA representatives toured the Health Sciences Campus with WVU administrators to discuss student concerns, current facility improvements, and future projects; and,

Whereas, the major water leak in the ceiling above and surrounding the Pylon Commons have been identified and corrected; and,

Whereas, the third floor of Health Sciences North is currently under renovation and additional floor renovations are planned for the near future; and,

Whereas, the roof to Health Sciences South is currently being repaired and a new boiling system is imminent; and,

Whereas, additional microwaves were installed at the top of the stairway from the Pylon Commons upon conversations with university administrators; and,

Whereas, we, the students of WVU and members of SGA, are grateful for the university administration's transparent and accessible leadership, as well as the completed and currently-underway facility transformations; and,

Whereas, SGA's proposal to transform the benches lining the wall between Fukushima Auditorium and the Pylon Commons into barstools with charging ports, including accessible seating options, has been pitched to outside companies but not yet implemented; and,

Whereas, students have expressed frustrations and accessibility concerns around handicap door openers at Health Sciences Center not opening the set of doors on the same side of the hallway as the button; and,

Whereas, water leaks and ceiling damage remains in the Health Sciences Library, and,

Whereas, students have expressed a desire for additional outdoor social spaces (e.g., hammocks, tables and chairs); and,

Whereas, students have expressed a desire to increase seating density atop the Pylon Commons, behind Jazzman's at Cavanaugh's, and outside Fukushima Auditorium; and,

Whereas, the aforementioned improvements would improve the student

experience, beautify our Health Sciences Campus, and demonstrate a willingness to partner with students in their desires, when feasible.

Therefore, be it resolved by the Student Assembly of West Virginia University:

Section 1: Formally expresses its gratitude for recent, current, and future facility updates at the Health Sciences Center.

Section 2: Encourages the transformation of benches into barstool seating with charging ports and accessible seating options between Pylon Commons and Fukushima Auditorium; the repair of the Health Sciences Library ceiling; additional outdoor hammocks, tables, and chairs; denser seating options above Pylons Commons, behind Jazzman's at Cavanaugh's, and outside Fukushima Auditorium; and ensuring handicap door openers correspond to the set of doors for which they are adjacent.

Section 3: Following passage and approval, this legislation will be forwarded to:

Mandates:

G. Corey Farris, Dean of Students
