You will only be in this position until march till the new administration comes in. so I want you to see what change you want to make to the university this year. Even if its legislation or pogroming. So tonight when your all in your committees just think about that. Remind everyone how big the changes we can make. You should be thinking of things that every other organization is not think about. What can we use with our power as sga to change the campus. This past Thursday I went to the higher education policy commission meeting all the schools in West Virginia that I apart of the higher education policy commition were in attendance and we each had a rep there. We talk about some issues that we wanted to work on. the chair person is shephanie Roberts vice president of Marshall she is going to to present a agenda for the next meeting. This is just an example of the change we can make. We are talking west Virginia law here we can lobby for things. The seroiunor is the 2020 cenius war. Us being in this can influceec west virgina politces and the amount of the money that the collge can get. I put in an email out today we have all commites expect two are filled the general education and the criculum committee if you could all reply to my email that would be helpful.
