

West Virginia University SGA Meeting 09/25/2019, 2019-2020 Administration

I. Call to Order at 7:30PM in the Vandalia Lounge, Mountainlair Student Union

II. Reading of the SGA Mission Statement/ Approval of Agenda

"We, the students of West Virginia University, desire to preserve within our University and the Student Government Association, an atmosphere that helps to foster an open exchange of ideas with civil discussion, inquiry, and self-expression to help ensure that the personal freedoms and general welfare of the students within our University are protected, and to promote the principles of diversity and responsible self-governance."

III. Roll Call

1. President Pro Tempore Rawson
2. College Senator Buggs
3. College Senator Cappadona
4. Senator Collie
5. Senator Cunningham
6. Senator Dashaun
7. College Senator Dilly
8. Senator Donnelly
9. **College Senator Doran**
10. **Senator Edwards**
11. College Senator Evans
12. Athletic Senator Graham
13. **Senator Harman**
14. Senator Helm
15. Senator Ihlenfeld
16. College Senator Jalso
17. Senator Jones
18. Senator Kumar
19. College Senator Lombardi
20. College Senator Matus
21. College Senator Nash
22. **Senator Ovide**
23. Senator Pressley

24. College Senator Santiago
25. College Senator Shoemaker
26. Senator Teufel
27. Senator Zanabli

IV. Reading and Approval of the Minutes

Vice President Matheny : “The minutes from our last meeting have been posted, are there any changes that need to be made? Seeing None.”

Approved.

V. Open Student Forum I

Vice President Matheny : “Does anyone have anything for open student forum one?”

Teresa Hoang: “Hi guys, for those of you who don’t know me i am Teresa Hoang. I have been in SGA the past three years of my life but I am running for homecoming queen and like I said I have been in SGA these past three years so SGA has become a really big part of my identity here at WVU and it is going to be something that I will represent if I am elected as your homecoming queen, it is something that I talk about whenever I am a ambassador talking to perspective students. So I honestly just came here to ask for your vote and your support this year because I will be representing SGA as a part of who I am and my student experience this year. Voting will be next Tuesday and Wednesday, it is going to be online on Engage which I know you guys know how to use that. So please vote for me. The BoF appointment just had to be a conjunction with this meeting and yeah it is not for swaying you guys one way or the other I have just been in Bof for the past three years and wanted to join it again so i would just really appreciate your vote. Do you guys have any questions for me?”

Vice President Matheny: “Does anyone have any questions?”

Teresa Hoang: “SGA is still something that like even though I am just now getting an executive appoint now I am still working on the projects that I started while I was in SGA. I am still working in the menstrual product dispensers initiative and representing SGA through that too.”

Vice President Matheny: “Does anyone have anything else for open student forum one? Seeing nothing we will now go into the President’s report”

VI. President's Report –

President Dye: " Good evening everyone, I hope you have had a good week. Like Teresa said she is running for homecoming court, we have three candidates within SGA, Ted Dillie, Peyton Keener, and Teresa Hoang so just remember that homecoming campaign has started, most of you have been through an election, please be nice to the candidates. Don't yell at them when they are putting things in your face, we have all been there. Stuff happening this week, also you all have been participating in the 500 events that have happened over the past two weeks in SGA so I really want to commend everyone for their participation, all of the branding and marketing that has been happening, just thanks for staying strong, I know this was an unusually busy last couple of weeks. With that being said, however, we had an event at President Gee's last night and there were thirteen people signed up and seven came, seven attended and I only received messages from two people telling me why they were not there, the other people did not respond to my messages when i asked them where they were or why they did not come. So please when you sign up for doodle polls, when you sign up for things, that's a commitment. I understand that people are busy but don't sign up if you are not able to come. Tomorrow we are continuing our safety gear distribution, it is happening in the mountianlair 11-3 and it is happening at the Law School 12-2. I know there was a little miscommunication today where we closed down early so just be aware of that for tomorrow. Also we have our first town hall in here tomorrow so I am really excited for that. The inclusion committee has been working hard so give one last push, any student orgs that you all are involved with please invite them in your group me say, "come out, ask questions, be critical, express your concerns" , and of course put it on your social media as well. I want to remind everyone to be reporting at these meetings, I know that all of you have been really busy and I know that a couple things that you all are doing but I just want to tell you to tell the org, tell the student body what you're doing. Don't be silent, and use your reporting time. Also I hope everyone enjoyed the training that Kia did, i know it was a little short, but like she said, we want to use our platforms so writing a piece of legislation regarding to making sure there are trainings and stuff like that. That is in your power, so I just want to get our creative juices flowing. Be thinking of the real student power that you have and the advocacy that we are able to do and the change that we are able to make on campus. As you all are meeting in your committees think, what can SGA do to help that other student orgs aren't doing on campus, how can we push boundaries, that's what we are here to do. We want to leave SGA and WVU different than it was before. Just wanted to leave you all with that and then on my end tomorrow I will be traveling to Charleston to attend the first get together of the state advisory council to the West Virginia Higher Education Policy Commission. As student body president I am automatically our rep. and so tomorrow at our first meeting we will be electing a chairperson and a vice chairperson. I will report back on who that ends up being. Also on our end as you all know the selection committee for the legislative vacancies have been hard at work. I believe the application due for vacancies is due tomorrow at midnight so please if you know anyone that could possibly fill our vacancies on the assembly, please send them those links. On my end I have been reaching out to people who are interested in the executive positions to fill the vacancies on our communication's team. Our comm coordinator, graphic design artist, so I'll keep you all updated on that as I meet with those individuals. Thank you "

Vice President Matheny: "Does anyone have any questions for president Dye? Seeing none we will move on"

VII. Assembly Reports –

Vice President Matheny : "Do any assembly members have a report to give this evening?"

Senator Jalso- Just a quick update on the work I have been doing with C&C, I have finally got my hands on the contact list of all the organizations in C&C, there is apparently 30 and I am now reaching out to all of them along with my intern and we are talking to all of them making sure they are all registered on Engage, making sure that their contact information is up to date and just talking to all of them since you know they are constituent of the college and hopefully I will be able to at least reach out to them, hopefully receive and talk to them or have them email me back by next meeting so that we can elaborate on who will be working with that toward the committee meeting.

College Senator Matus- Today I set at the iron on patches station at the college of law. I would say that my expectations were wrong, it did not go as I thought it would. I maybe ironed on 5-10 patches, I gave out a lot of the zipper things. I am going to do it again tomorrow and hope for a better result because I guess I can only go up from today. Next week on the first I am going to go to the town council meeting where the outreach person is going to introduce me to the town council and I am going to talk to them about safely and some of the safety committee's initiatives this semester. I have also dived into the radical of student insurance, trying to figure out if there is a way that we could get older students dental and vision insurance along with the student insurance.

Senator Jones- President Dye and I have been working with the West Virginia initiative so what this does is, the ideas target West Virginias goal of 16% higher ed for all students. So we as WVU are partnering with Marshall to contact every higher ed institution within the state and asking them to donate college branded swag. These items will be sent to a camp called Tomorrow is Mine, to 43 campers ages 10-13. This camp was designed so that at risk, lower a socioeconomic kids in southern counties can experience a college and having activities that they wouldn't have otherwise. It is very important that we absolutely help as they're going through school and to have that idea that college is an option for them. We hope to have these items by Friday October 18th, and then we will be packaging these items after the following meeting. I have received a few confirmations from other schools in the state and our school is going to donate the other half of the list. So that is on our radar for the next month. Thank you.

College Senator Lombardi- So I have a meeting set up next with the dean of the college of business and economics, I just really wanted to touch base with him to see if there was anything I could help to assist. I have also been talking to students in my classes and also just around, just to see what has been going on and I have noticed that a lot of the printers at the college that do not work and I have seen a lot of unhappy students that go to print out a paper and they can't even turn it in because they can't get their paper because the printer is not working. So maybe I

could talk with the dean about maybe coming up with a solution to that. In addition there are a lot of resources available to our students over on the Evansdale area of campus so kind of letting them know of the different opportunities that they have over there. Things like the launch lab, and the different opportunities over there so just really working with them.

College Senator Buggs- So the circle of appreciation event that I was planning on having this semester, I decided on pushing it back until next semester just because of how much is going on this semester. I know I already have a committee with that but if you are interested and maybe have more time next semester to actually help out with it please let me know and I will meet you after the meeting.

Senator Dashaun- Hey guys, i hope you're doing good. I am trying to work more closely with international student organizations so one of the things I wanted to work with was increasing stability with resources for international students. One of the things I thought might be helpful is, we could get university resources translated to whatever languages are spoken by the majority of our international students on campus. I still have to get more information on that but I will be writing a resolution so if anyone is interested or knows more information or has any idea of what direction to point me in I would be very grateful if you would reach out to me.

Senator Donnelly- Hey guys so I know a few people that were at President Gee's house last night but I just wanted to shed some light on what actually went down last night. We had the opportunity to meet with different officials in the area of public safety and mental health as if they were acting like a voice for the students and helping with those initiatives. Some notable topics that I wanted to mention in the area of mental health, we were talking about spreading the knowledge of the ability of the Carruth Center imperative to the campus and on my end I made some valuable connections for a positivity campaign, you will be hearing me talk about that more. I also wanted to shed some light on tomorrow night. Tomorrow I will be leading an activity during the town hall and it is going to be an activity that was specifically created by the study that I have been working with so we will see how that goes and how well students engage with it and from there we can hopefully see how well it fits in on campus. Thank you.

Senator Zanabli- So last Monday Adia and I went to a health communication meeting and we got to meet the director of like everything health in student life so like Well WVU, Rec Center, Serenity Place, Health and Wellness and all that. We just kind of got to talk about our ideas for this and collaborate with each other and we made a contact sheet with everyone's information, and also the Carruth Center. I asked them like what resources they think needs to be implemented or could be better, like the Carruth Center and the amount of psychiatrists they have. We were thinking about writing resolutions about that but also writing resolutions about better signage because not a lot of people know where the Carruth Center is or where Serenity Place is because they don't have signs. So it's an easy and simple fix and we also introduced the idea of a health and wellness vending machine it would have like a bunch of stuff that students want like feminine products, condoms, even things like that red scantron that you need for like every class or I don't know, sleeping masks or just stuff that people need, and we want to have it in the Lair. They

give out a lot of those products for free from different departments so we are going to ask like “if you guys could direct it to us and see how we can make it more accessible for students.” So it was a really good meeting.

VIII. Executive Reports –

Dominique Vallaseñor- Hello everyone, so again tomorrow is the town hall from 6:30- 7:30. Thank you to the inclusion committee for being so helpful with this. So far this is what's going to happen, we are going to have a panel of 5 students. so far I have Stephanie Buggs, myself, Gabby Sarduy and we need two more students if any of you are interested, that'd be awesome and essentially what we would be doing is just answering questions and continuing conversation about the state of diversity and WVU, any comments or concerns that the students have. We will then bring those to either the senators that are actually there or we will work with the senators actually one on one and create legislation and go forward with this but we do need two more students, it will be fun, please come out at 6:30 tomorrow, right here. Thank you.

Auditor Shamma- Hey guys this is my first executive report of the year, but most of you know me. I am the auditor for the BoF. So I am just going to give you guys an update of where we are so far with grant applications and the external budget. So far we have passed two financial bills and a total of 11 grants, \$11,784.67. Tonights financial bill will have seven titles on it and hopefully if that passes we will have awarded a total of \$21,774.07 and after that our external budget is \$109,225.93. Does anyone have any questions about the BoF or our external/internal budgets or anything? Thank you guys.

Adia Kolb- Hi guys, so first I would like to say thank you to everyone who came out to our yoga event on Friday, it was fun. I had a really good time. So thanks for coming. As Senator Zanabli mentioned we met with the health communicators committee on campus on Monday, they were really receptive to everything that we had to say and I think it went very well. We made a contact with the outreach coordinator at the Carruth center I believe and they said that, fingers crossed, she would be interested in coming and speaking to us all if we are interested in that as a group. We will be in contact with her shortly. President Dye and I today attended the smoke free policy steering committee meeting to discuss how that has been going in campus. So we met the new compliance officer he said that they had given out 10 violation tickets between all three campuses and they are really just focused on education right now. They have a student ambassador program, so if anyone is interested in that you can message me and I can point you in the right direction, but essentially you are just another educator on their team. Also the compliance officer mentioned that he has had students go on duty with him before which I thought was really interesting so if anyone is interested in that I think I would like to get a group of students together whether you are on the health committee or not, just to visit with him and just see what he doe so that we can be more informed on that whole process because that is a big deal to them. So let me know if you are interested in that. Thanks

Chief Information Officer Moore- What's up guys? First I would like to thank you all for being patient with me, bio and website surveys are going out whenever I get back to my seat. General stuff, biography, headshots, preferred pronouns, that was an idea brought up by Lora that I absolutely love, to show some of our diversity and inclusion efforts. As well I met with WVU dining this past week, Whitley Worble and Tiffany Towner from their communications department about a 10 for 10 including a voucher, 10% discount voucher for the 10 for 10 survey. They were nothing if not enthusiastic, so they are talking to their people by this week we should have something ready to role out by Friday or Monday, as soon as I get the go heard from them. They are hoping that those can be used at mainly the restaurants that are here in the lair that are WVU dining affiliated, so that's going to be Tres Habaneros, Burger Shop, Blue Tomato and Jazzman's. We are currently just making sure that we can populate the tickets with personal data so people can't use them 20 times, because that would not be great. In any case, that's all taken care of. Big shoutout to Dom and the diversity committee for giving me those questions, they are awesome and they are ready to go, same thing for Adia, we are working on those for the next one as well. When I did meet with WVU dining they did bring up Culinary Committee and so far only one person showed interest in that and they were hoping that I could bring that up as well. Just also wanted to shoutout to Lucas back there for our first newsletter, it looks pretty good, he did really great with that. That's it from me. Thanks.

Chief Of Staff Riggs- So going off of what Hunter said Sudexo has reached out to us about the culinary council, originally there were 5 students that talked to me and said that they were going to forward their contact information so if you received that in email from Whitley Worble make sure that you send that contact to her. Yesterday like they said we went to the Blaney House and discussed mental health and pedestrian safety, with that being said this summer down by B&E you guys have all probably seen the rumble strips and flashing lights beckons that they put in, they have been very official up to this point but up till now, no one is pushing the buttons on the flashing light beckons, so I just wanted to remind you guys to please press the buttons, tell your friends to press the buttons, just so those drivers in that turn, because it gets kind of blind, so they know that people are crossing. That's all I had. Thank you.

Attorney General Satterfield- Hi everyone, I just wanted to update you real quick with what I have been doing. So I am going for a constitution bylaws and election code, I'm not making making edits but I am going for verbiage and things that we potentially need to change, not content wise but more updating with more of the language we are using and stuff along that line. Be on the look out in the groupme, I'm going to send out a text within the next week asking if anyone would be interested in joining a committee to review those documents, so be on the look out for that. If you have any questions about those documents or what I have been working on just let me know. Thank you.

Chief of Staff Mcdonald- Hi guys, so I'm going to start off by talking about the party. So the party is happening on October 18th we are going to be from 6:30 to 8. We got some free food, it's going to be pizzas made in Hatfield's so that is going to be nice. Then I, on my personal front, I had a meeting today with some folks at university relations we were talking about promoting

SGA events and how we are present in the student eye and make sure that we are getting our word out. We talked a lot about how to best utilize them, social media, u news, and build a relationship there so we can be on top of the promotion of our events, so that was good and successful today. I know it is not snaps yet but I am going to brag on the comm team for a sec, A.K.A. Hunter and Lucas because they have done a phenomenal job. Hunter has been killing it with the web page and 10 for 10, Lucas made an awesome newsletter and they just handle everything I throw at them, so a shoutout to them. Thank you.

President Dye: I am sorry that I forgot this earlier but this is really important. Last Friday you all received an email if you're an executive officer or assembly member regarding the Faculty senate and student conduct committees. I ask you to please reply to the email if you were interested in sitting on any of them. I only got emails about the student conduct committee which is going to be a committee within SGA. There are 6 faculty senate meetings that we have the opportunity to sit on, this is a student sitting on them and so this is an opportunity for us to advocate for real change on campus and I haven't gotten any replies about them. One is the curriculum committee which hello, is our curriculum we could have a voice on what kind of classes we are having, that would be great. General education foundation committee, so what kind of GEF's we are offering, inclusion and diversity, library committee, they only meet like once a semester, research and scholarship, teaching and assessment. In this email I listed all the times that they meet, the link to their description and I found out out when the ones meet that I didn't previously know. I am going to send this email out again because clearly I think that it got lost. Please, please respond and of course don't respond if you won't be able to attend but out of the 60 or so people that I sent it to there has go to be 6 people that could attend this and its really just a great opportunity for us. So I'm going to send it out again and please respond. A lot of these meet monthly so we have already missed our September opportunity so we need to get in for October. Thank you.

Vice President Matheny: I usually don't give reports but I want to get you guys up to date on a couple things. From the climate solution fair that took place last Friday, it was really wonderful, there were a lot of people that came through there were several student and community organizations present within our within our active and educational tables so I think it was a great opportunity for people to come out, they had the opportunity to contact their representatives, make flower bombs that they could throw into fields to grow flowers, tables to learn about the acidification of our oceans so there was a lot of cool stuff and we did get signatures on the idea of having the university doing carbon accounting so we will be pushing that forward as well. I will be working with college senator Doran on that. Just wanted to give an update on that and say that I appreciate your guys' support for those you you that came. The selective committee on legislative vacancies appointments met last Friday and as Kate mentioned the application is on Engage, we really need applicants and we have had people apply but they are really mostly concentrated on the CPASS and Reed Colleges so awesome for those colleges but we do need applicants for all of the other ones so if you have friends in the colleges, if you know people in your classes, your student orgs that you know they are an active student and you know they might be interested, the please reach out to them. A lot of these positions in the past have been kind of filled by word of

mouth as well, we need to make sure that are contacting people that will do a good job because they are representing our student body and we need to make sure that we are filling all of those vacancies. Due to the way that our constitution is written that application can only be open for four school days so it will close tomorrow night at midnight if that is something that you think is maybe a issue, contact Allie. That means that we only have about a day left to promote it so please reach out to everybody you know to get them to apply, it is a very simple application and then there will be an interview process with that committee after that. Does anyone have any questions about either of those things? If not, thank you.

X. New Business –

Vice President Matheny- Everyone should have received Senator Dashahan's resolution via email so hopefully you all reviewed that. We will go ahead and move into our questioning period so does anyone have any questions about he resolution? For those of you that might not have an agenda in front you this is AR 2019-02 in which Senator Dashahan with give just a brief explanation of what is is.

Summary of AR 2019-02

Senator Dashan- Basically this resolution, I was talking about how we were requesting to get accommodations for the week of finals and tests and the week of Ramadan and sometimes finals can be like 7-10 or just later in the evening and sometimes those times can overlap with the times that we fast so we wanted to see in there was a was we get possibly get like an earlier testing time so you wouldn't be taking that test like while you needed to have a meal and then also meal accommodation like with the dinning halls and the lairs with closing pretty early so that's basically it.

Vice President Matheny- So are there any questions about this resolution? None. We will now move into discussion, is there any discussion on the resolution?

Senator Donnelly- motion to approve AR 2019-02

Senator Jones- Second

Vince President Matheny- All in favor of approving AR 2019-02 please raise your hands

AR 2019-02 passes

Vince President Matheny- Thank you everyone we will now move into new business with our financial bill. Karly let me know that there might be some assembly members that have some sort of connection to the student organizations that we are passing the financial bill on so it i president to, if you are affiliated with any of the organizations that we are granting money to, to

abstain from the vote. So whenever I make my recommendation I will make it a role call vote, if you would like to change that we can it is just so that we can give people the opportunity to abstain. So that being said I would now like to entertain a motion to approve Financial Bill 2019-09 via roll call.

Senator Collie- Motion to approve FB 2019-02 via roll call

College Senator Buggs- Second

Vote Via Roll Call

President Pro Tempore Rawson- Yea

College Senator Buggs- Yea

College Senator Cappadona- Yea

Senator Collie- Yea

Senator Cunningham- Yea

Senator Dashan- Yea

College Senator Dillie- Yea

Senator Donnelly- Yea

College Senator Doran-

Senator Edwards-

College Senator Evans- Abstain

Athletic Senator Graham-

Senator Harman-

Senator Helm- Yea

Senator Ihlenfled- Yea

Senator Jalso- Yea

Senator Jones- Yea

Senator Kumar- I

College Senator Lambardi- Yea

College Senator Matus- I

College Senator Nash- Yea

Senator Ovide-

Senator Pressley- Yea

College Senator Santiago- Yea

College Senator Shoemaker- I

Senator Teufel- Yea

Senator Zanabli- Yea

FB 2019-09 passes

Vive President Matheny- We will now move into our next item of business which is our executive appointment confirmations.

College Senator Buggs- Motion to consider Teresa Hoang for the BoF appointment

Senator Teufel- Second

President Dye- Teresa is a senior here and she has been a part of SGA for the past three years. We are currently in need of BoF members because we did have a resignation from Aron King who is choosing to only sit on the community of engagement committee. SO Teresa knows a lot about SGA she has sat in on the BoF before, she seems like a great fit. I will Let Teresa speak on her behalf.

Teresa Hoang- When I first joined SGA I was on the BoF as an intern and I just stayed in BoF in the past three years the only reason i hadn't joined BoF was because I was recently because I took the role as the Statler ambassador this year, and I didn't know how my work load would be so then after talking to Karly and going to the meeting that are on Sunday's and I can actually make it. I am really familiar with BoF I am familiar with all the terms and the processes so yeah, please put me back on BoF and again and this appointment wasn't for any political motive for homecoming or anything I just actually want to be on BoF.

Vice President Matheny- Does anyone have any questions?

Senator Kumar- What time are the BoF meetings?

Teresa Hoang- 5:30

President Dye- Teresa was also recommended by Treasurer White

Vice President Matheny- We will go ahead and consider the next two appointments as well so we don't have to be repetitive with this process. So I will call up Danielle Cominsky

President Dye- Danielle is also a senior who has been a part of SGA for 3 years, she has been our executive secretary, she also served as a college senator, I'm not sure what she did freshman year but she knows a lot about the BoF as well and she was recommended by treasurer White

Danielle Cominsky- Hey guys it is good to be back, I tried to go into Hatfield's at first and was like woah what is going on. So like Kate said I was the executive secretary and I was also a B&E college rep so I have sat for two years listening to a lot of debate that I see you guys don't do anymore on the financial bills and I know a lot about what all it entails so yeah

Vice President Matheny- Are there any questions? None. The last appointment that we have is for Craig Rench for the safety committee chair

President Kate Dye- You all know Craig, he has been our fearless leader on the safety committee when we had no one else. That is not why he is being appointed, he is a trooper, he has been through the thick of it and already knows everything that is happening in the safety committee, he knows what's happening on campus so it is obvious that he should step into this leadership roll.

Craig Rench- So to piggy back that I would just say that we have already had a few informal meetings and some great projects that have been put in place so that is good. Just remember that tomorrow we have ironing of patches 11-3 in the lair and 12-2 at the law school.

Vice President Matheny- Does anyone have any questions?

President Pro Tempore Rawson- Yeah so what are some of the projects and things you want to see get done?

Craig Rench- Okay so the first one I would say is like when you walk between Evansdale and Downtown like on law hill you come around there by 8th street there is no crosswalk there or any type of signal so we went by this past week and took pictures of where we would like to even just paint a crosswalk so little things like that and you know how they want kids to press the buttons to cross streets we want to put more of those and I would say around 8th street as well because it is a very busy street, all busy go down there, Domain buses all on and off campus buses. So basically little things like that as well just to start off right now. Any other questions?

Vice President Matheny- Okay if the three of you could exit the vicinity. We will vote on these one by one.

Senator Kumar- Motion to approve Teresa Hoang to sit on the BoF

Senator Jones- Second

Vice Presidet Matheny- All in favor of this executive appointment please raise your hands... All apposed

Motion passes.

Senator Buggs- Motion to approve Danielle Cominsky to sit on the BoF

Senator Helm- Second

Vice President Matheny- All in favor of this executive appointment please raise your hand.. all apposed

Motion passes.

College Senator Matus- Motion to approve Craig Rench as the safety chair

Senator Donnelly- Second

Vice President Matheny- All in favor of Craig as the safety chair please raise your hand.... all apposed.

Motion passes.

Vice President Matheny- Appointees you may come back in.. you all passed unanimously. We will now move into open student forum 2.

XI. Open Student Forum II

Vice President Matheny : Does anyone have anything for open student forum 2?

College Senator Evans- Hi so last week the Dr. superintended of West Virginia public schools came to talk to us and he talked a lot about education and West Virginia right now and what it will potentially look like in the future, he didn't say a lot of great stuff but I just wanted to give like a brief overview of some of the things he said because it was super interesting and really important for everyone to know about public ed in WV. So senator Doran and I asked questions to see where he was and get his opinion on certain things. Abby talked about retaining teachers in the state and how he plans to do that and he didn't give a great answer about how they were doing that in the future and at the state level. One of the points that he said that I thought was concerning was that he said its not only acceptable now to be a good solid content teacher you almost have to take on the role of a parent. So as everyone knows we have a big opioid problem in the state and it is influencing our public education system. I just wanted to point this out because it is super important to talk about and think about as our states future and going forward. I just wanted to give a brief overview of that.

Vice President Matheny- Anyone else for open student forum 2?

College Senator Dillie- Along with Teresa I am running for homecoming king so I just thought I would let everyone know and yeah.

Vice President Matheny- Thank you. Everybody be an engaged student and vote for homecoming court. Open student forum 2?

Senator Matus- Kevin Donnelly, you're going to take an L and it is going to be hot and ready like a Little Caesar's pizza. Thank you.

Senator Donnelly- College Senator Matus I just wanted to let you know that I am coming off of a by week so all of my fantasy players are well rested.

Vice President Matheny- Open student forum 2?

Hunter Moore- In all seriousness the town hall tomorrow tomorrow will be live streamed on our twitter so keep an eye out for that. Retweet it, share it appreciate it.

Vice President Matheny- Open student forum 2?

Senator Collie- The office of undergrad research is putting on their second networking event tomorrow night from 6-7:30 it is going to be in the mountaineer ballroom so if you are interested in getting involved in research or just seeing what it is like we will be upstairs tomorrow from 6-7:30

Snaps

Senator Dillie- Kate for being nominated for Miss Mountaineer.

College Senator Matus- Snaps to Co- Chairman Rench for officially leading the safety committee . We are going to do big things this year. Stay safe.

Lora McDonald- Ted for also being a finalist for Mr. Mountaineer and homecoming court

Arpan- Snaps to Teresa for bringing pizza
